STRATEVO | SOURCING & ADVISORY OVERVIEW | Europe-Based Independent B2B Consultancy | stratevo.online

CHINA MANUFACTURING ADVISORY BUILT FOR E-COMMERCE, PRIVATE LABEL & B2B BUYERS

Find the Right Manufacturer in China.
See What Is Missing From the Quote Before You Pay.

We turn rough product specs into a clear brief, compare factory quotes on equal terms, and check compliance evidence before you commit.

- **0% Factory Kickbacks** — Paid only by the buyer. Zero supplier commissions.
- **100% Factory-Direct** — You contract and pay the vetted factory directly.
- **EU Time-Zone Accountability** — Led by Vasilis (Billy) Krevatsoulis in Europe (Greece).

01 / WHO WE ARE INDEPENDENT B2B SOURCING CONSULTANT IN EUROPE

Why Buyers Separate Sourcing Advice From Factory Sales

On supplier directories, 'Verified' badges are paid ads, and most top listings are trading middlemen. Meanwhile, traditional sourcing agents quietly take a 5% to 10% factory kickback, so they earn more money when you pay a higher unit price.

STRATEVO works strictly for the buyer under a fixed written scope. Founded by Vasilis (Billy) Krevatsoulis in Greece, we vet factories, audit quotes, and connect you factory-direct.

SOURCING COVERAGE AREAS

- **Consumer & OEM Products** — Electronics Apparel Homewares
- **Packaging & Materials** — Rigid boxes Corrugated Barrier films
- **Industrial Components** — Machining Castings Motors Fasteners
- **Food & Specialty Goods** — Dry goods Ingredients Traceability

02 / WHAT WE DO THREE CORE ADVISORY SERVICES

Finding a listing, comparing an offer, and verifying a factory are different tasks.

What We Check Before You Wire a Single Euro to China

Manufacturer Matching 01

Avoids: Trading middlemen posing as factories

We turn your product requirements, target cost, and volume into a structured brief. Then we filter out middlemen and shortlist manufacturers whose real production lines fit your order size.

- Business license & legal entity check
- Actual factory vs. reseller screening
- MOQ, tooling & lead-time compatibility

Quote Comparison 02

Avoids: 'Cheap' unit quotes that add 25% later

Suppliers often strip out mold fees, export cartons, or local port charges to win your inquiry. We normalize every quote onto one identical specification and commercial baseline.

- Separate unit price from NRE / mold tooling
- Normalize EXW, FOB & DDP Incoterms
- Compare packaging, samples & payment terms

Risk Assessment 03

Avoids: Fake PDFs & mass-production defects

A directory badge or emailed PDF is not proof of compliance. We check who issued a certificate, confirm it covers your exact product and factory entity, and set clear sample & QC rules.

- CE, REACH, RoHS & ISO provenance check
- Measurable sample acceptance criteria
- Pre-shipment quality inspection plan

REAL-WORLD QUOTE AUDIT WHY THE LOWEST UNIT PRICE OFTEN COSTS MORE LANDED Illustrative audit stratevo.online/methodology

Supplier A Quote: $7.80 / unit EXW (Looks Cheaper)
Excluded: $1,450 mold tooling + $680 local port trucking + export cartons.
True Landed Reality: $9.93 / unit + Trading company with 3rd-party CE PDF

Supplier B Quote: $8.35 / unit FOB Ningbo (STRATEVO Audited)
Included: Custom tooling, export packaging & FOB port clearance all itemized.
True Landed Reality: $8.35 / unit FOB (16% cheaper landed + verified factory)

03 / HOW IT WORKS THREE STEPS FROM BRIEF TO FACTORY

No upfront retainer to talk. Any paid scope is agreed in writing first.

How We Take You From Idea to Factory-Direct Introduction

STEP 1 Free 15 Minutes

1. Consultation on Minup

Book a free 15-minute call on our Minup calendar. We walk through your product, target volume, budget, and timeline, and tell you straight if we can add value.

Next: Written scope proposal (if we fit)

STEP 2 Fixed Written Scope

2. Research & Matching

We shortlist capable manufacturers, check their business registration and compliance documents, and compare their quotes side by side on equal commercial terms.

Deliverable: Side-by-side quote & risk brief

STEP 3 0% Ongoing Markup

3. Factory-Direct Intro

Once you review the evidence and pick your preferred supplier, we introduce you directly to the factory so you sign contracts and place orders with them directly.

Outcome: You own the factory relationship
